

Safety Data Sheet

Issue Date: 29-Jul-2020

Revision Date: 29-Jul-2020

Version 1

1. IDENTIFICATION

Product identifier

Product Name Aqua-Tab End Use Solution

Other means of identification

SDS # Aqua-Tab-RTU [SYN-002]

Recommended use of the chemical and restrictions on use

Recommended Use Water disinfectant.

Details of the supplier of the safety data sheet

Supplier Locations

JustGone® Systems
310 Busse Highway #324
Park Ridge, IL 60068

Telephone Numbers

Company Phone Number Office telephone number: 800.792.1002
Warehouse telephone number: 800.792.1002
Emergency Telephone INFOTRAC 1-352-323-3500 (International)
1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Emergency Overview Aqua-Tab is a 1 gram, 4 gram, 10 gram, 20 gram or 100 gram tablet comprised of 22% Sodium Chlorite the known active with the remaining inert ingredients acting as desiccants, effervescent agents, stabilizers, binders, and pelleting auxiliary agents as necessary. In its end use form, Aqua-Tab is diluted to 50-400ppm and therefore is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Appearance Tablet dissolved into water

Physical state Liquid

Odor Slight chlorine

Classification

This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200). However, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical name	CAS No	Weight-%
Aqua-Tab	Proprietary	50-400ppm

If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

Description of first aid measures

General Advice

The following first aid information applies to an exposure of Aqua-Tab before dilution. Adverse reaction to the end use product is not expected. When possible, have the product container or label with you when calling a poison control center or doctor or going for treatment.

Eye Contact

Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control

center or doctor for treatment advice.

Skin Contact

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

Inhalation

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Ingestion

Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed**Symptoms**

Prior to dilution, Aqua-Tab is corrosive to the skin, eyes, and respiratory tract. Adverse reaction to the end use product is not expected.

Indication of any immediate medical attention and special treatment needed**Notes to Physician**

Probable mucosal damage may contraindicate the use of gastric lavage if undiluted Aqua-Tab is accidentally ingested.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media None known.

Specific Hazards Arising from the Chemical

None known.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures**Personal Precautions**

Aqua-Tab End Use dilutions do not require personal protective equipment, however wet floors due to spilled product may be slippery. Exercise caution during clean-up to avoid falls.

For Emergency Responders

Follow all fire fighting procedures in Section 5.

Environmental precautions**Environmental precautions**

See Section 12 for additional Ecological Information.

Methods and material for containment and cleaning up**Methods for Containment**

Prevent further leakage or spillage if safe to do so.

Methods for Clean-Up

Keep in suitable, closed containers for disposal.

7. HANDLING AND STORAGE

Precautions for safe handling**Advice on Safe Handling**

Handle in accordance with good industrial hygiene and safety practice. Always be aware of product fumes during mixing. Do not inhale above open containers. Close container quick and tightly and store in cool, dark, well ventilated room. [Ask your supplier before opening package for dosage.]

1. Fill an opaque spray bottle or appropriate container with specified amount of tap water
2. Slowly add correct number of Tablets to Water. Do Not add water to tablets.
Tablet => Water
3. Wait 3 minutes, stir gently
4. Discard unused product after 8 hours [or as specified in Use Application Directions].

Conditions for safe storage, including any incompatibilities**Storage Conditions**

Aqua-Tab tablets should be stored in tightly sealed original container in a cool, dark, well-ventilated room. End Use dilutions should be discarded after 8 hours [or as specified in Use Application Directions].

Incompatible Materials

None known based on information supplied.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Exposure Guidelines**

Aqua-Tab End Use dilutions are not known to contain any materials with established occupational exposure limits.

Appropriate engineering controls**Engineering Controls**

None under normal use conditions.

Individual protection measures, such as personal protective equipment**Eye/Face Protection**

None under normal use conditions.

Skin and Body Protection

None under normal use conditions.

Respiratory Protection

None under normal use conditions.

General Hygiene Considerations Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES**Information on basic physical and chemical properties****Physical state**

Liquid

Appearance

Tablet dissolved into water

Color

Clear

Odor

Slight chlorine

Odor Threshold

Not determined

Property**Values****Remarks • Method****pH**

Not determined

Melting point / freezing point

Not determined

Boiling point / boiling range

Not determined

Flash point

Not determined

Evaporation Rate

Not determined

Flammability (Solid, Gas)

Not determined

Flammability Limit in Air**Upper flammability or explosive limits**

Not determined

Property**Values****Remarks • Method****Lower flammability or explosive limits**

Not determined

Vapor Pressure	Not determined
Vapor Density	Not determined
Relative Density	Not determined
Water Solubility	Not determined
Solubility in other solvents	Not determined
Partition Coefficient	Not determined
Autoignition temperature	Not determined
Decomposition temperature	Not determined
Kinematic viscosity	Not determined
Dynamic Viscosity	Not determined
Explosive Properties	Not determined
Oxidizing Properties	Not determined

10. STABILITY AND REACTIVITY

Reactivity

Not reactive under normal conditions.

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions

None under normal processing.

Conditions to Avoid

Keep out of reach of children.

Incompatible materials

None known based on information supplied.

Hazardous decomposition products

None known based on information supplied.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information	Aqua-Tab End Use dilutions do not present an acute toxicity hazard based on known or supplied information
Eye Contact	Not expected to be an eye irritant during prescribed use.
Skin Contact	Not expected to be a skin irritant during prescribed use.
Inhalation	Under normal conditions of intended use, this material is not expected to be an inhalation hazard.
Ingestion	Not expected to present a hazard by ingestion during prescribed use.

Component Information

Not available

Symptoms related to the physical, chemical and toxicological characteristics

Symptoms	Please see section 4 of this SDS for symptoms.
-----------------	--

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Carcinogenicity	Based on the information provided, this product does not contain any carcinogens or
------------------------	---

potential carcinogens as listed by OSHA, IARC or NTP.

Numerical measures of toxicity

Not applicable due to form of the product.

12. ECOLOGICAL INFORMATION**Ecotoxicity**

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Persistence/Degradability

Not determined.

Bioaccumulation

There is no data for this product.

Mobility

Not determined

Other Adverse Effects

Not determined

13. DISPOSAL CONSIDERATIONS**Waste Treatment Methods****Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated Packaging

Disposal should be in accordance with applicable regional, national and local laws and regulations.

14. TRANSPORT INFORMATION**Note**

Aqua-Tab End Use dilutions are not intended to be transported.

DOT

Not regulated

IATA

Not regulated

IMDG

Not regulated

15. REGULATORY INFORMATION**International Inventories**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

US State Regulations**California Proposition 65**

This product does not contain any Proposition 65 chemicals.

U.S. State Right-to-Know Regulations

This product does not contain any substances regulated under applicable state right-to-know regulations
